- Healthcare Managed Services

Scan here to learn more about us:

FTI Consulting works with virtually every segment of the Healthcare Industry to discern innovative solutions that optimize performance in the short term and prepare for future strategic, operational, financial and legal challenges.

Markets Served

Healthcare Providers: As a team of former executives, operators, clinicians and advanced data analytics professionals, we work closely with our clients to develop and implement innovative solutions that optimize performance, reduce risk and generate value.

Healthcare Payers: Trusted advisors serving clients across all healthcare delivery systems with a host of issues such as core operations, audit and compliance, network development and contracting, government programs, self-insured administration, actuarial services and value-based care.

Private Equity: We help private equity (PE), for profit organizations, lenders and vendors navigate challenges such as practice integration, platform consolidation, value generation, and enterprise transformation.

Life Sciences: Our world-class services across pharmaceuticals, biotechnology, and medical technology enable us to assist clients to solve their most complex challenges and achieve their strategic and operational objectives.
